INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, belonging to farmers, household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are from stores, taverns, mills, shops and such like property. In this Company all such property is rejected entirely by its [illegible] [illegible].

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

FIRE INSURANCE COMPANY.

Office in Martin's Block, Milwaukee.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security, beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of erosion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

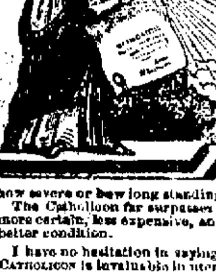
DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.



IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended, usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation, and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D.,

Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.

Truly Yours,

WM. LAIRD HAZLETT, M. D.,

July 6th, 1851. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz. that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

D. Y. FOOTE, M. D.,

Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

The Public Printing.

The Legislature, in *refusing* to take an unlimited supply of newspapers at the public expense, and in retrenching the session postage account, have deserved well of their constituents. A much needed reform, in the matter of the public printing, now engages their attention, and has excited some comments from the press. We copy, as a sample of the "democratic" opinions expressed on the subject, the following from the Beaver Dam *Republican*:

Republican Liberality.

Heretofore, in this state, where there is so large a portion of our citizens who are of German origin, it has been customary to print the Governor's Message and accompanying documents in that language, for the convenience and information of those who can not read English. We notice by the reported proceedings of the Legislature, that the Democratic majority of the Senate promptly passed the usual resolution for the publication of these state papers, in German, and the Republican majority in the Assembly as promptly voted it down.

We cheerfully accept for "the Republican majority in the Assembly" the entire responsibility for this vote, and hope to show that they could not consistently with their duty and their oaths of office, have given any other.

It is very true, as our Beaver Dam contemporary states, that heretofore, under democratic rule, it has been customary every year to order very large amounts of printing done for the State in the German, Norwegian and Dutch, if not in other foreign languages. But it is none the less true that all such printing was ordered and done in *direct violation of the Constitution.* The provision on the subject is plain and unmistakeable. It reads as follows (Art. IV. Sec. 25.) "The Legislature shall provide by law that all stationery required for the use of the State, and ALL PRINTING authorized and required by them to be done, *for their use, or for the State,* shall be let by contract to the lowest bidder." Instead of obeying this positive Constitutional requirement, the Legislature has been in the habit of giving out printing jobs at high rates to certain favored papers, published in foreign languages, by way of a reward for partisan services! With precisely the same propriety, might they have ordered 500 or 1,000 copies of the Governor's Message, Reports and Documents from every English newspaper printed in the State, and at prices double or treble those usually paid.

We submit, therefore, that the sneer of our Beaver Dam contemporary at "Republican liberality" is an unfortunate one, and that the Republican majority in the Assembly could not, without violating their oaths, and trampling upon the constitution, concur in the resolution of the democratic majority of the Senate, directing certain printing to be done in German and Norwegian newspapers. There is one, and but *one* way in which such printing can be lawfully ordered, or executed, and that is under the contract regularly made with the State Printer. If German and Norwegian copies of the Message and other documents are needed—and we think that a limited number of each should be furnished for distribution abroad, as well as circulation at home—they must be printed by the State Printer, under his contract; or, if he contends that his contract covers only English Printing, then an additional contract must be made for whatever printing the Legislature may think fit to order in foreign languages. Such is the explicit language of our State Constitution, and we are quite sure that our adopted fellow-citizens, equally with those of American birth, will insist upon a faithful and literal compliance with its requirements.

A Lame Excuse.

The organ of the republicans is attempting to shield the Assembly from the consequences of their adjournment on Monday last, in violation of law, and of their own joint resolution to go into a ballot upon the subject of U. S. Senator.

It says the Senate had adjourned, and the members of the Assembly knew it. Whether they did is a question. They had at least no *official* knowledge of it. No announcement had been made that the Senate had adjourned. If there was a violation of law the Assembly was guilty of it, and must bear the responsibility for themselves. It will not do to make the Senate the "scape goat" of an offense committed by the Assembly.—[Madison Democrat.

We quite agree with the State paper in styling the above "a lame excuse." It is exceedingly lame, and blind, as well as halt. Only see to what infinitesimal pettifogging, the organs of "Barstow and the Balance" are reduced, in the attempt to extenuate the offence of the Senate against the law of the land! That law required the two Houses to meet in joint Convention on Monday last to elect, or try to elect a U. S. Senator. Obedient to the Law, the Republican Assembly, by a decisive and more than a party majority, passed a resolution to meet the Senate in joint Convention at 2 o'clock P. M., for the purpose indicated. The Senate, by a vote of 14 to 11, laid the resolution upon the table; and by a second and similar vote, *refused* to take it up; and then, to avoid being put a third time *upon the record,* adjourned, at 11 o'clock in the morning, till the next day. The Assembly remained in session till 12 o'clock, and then, having no business to transact, and possessing no power to *compel* the Senate to re-assemble, and there being, of course, no possibility of a Joint Convention, they adjourned till next day. It is upon such a state of facts that the Madison *Democrat* coolly proposes to divide the honors of violating the law between the Senate and Assembly! We rather think that *brass* will not be accepted by the people as a "legal tender" in this case.

The St. Clair Flats.

Gen. Cass gave notice in the Senate, on the 5th inst. that he should call up for consideration at an early day, the bill making appropriations for deepening the channel over the St. Clair flats, and for deepening the channel over the flats of the St. Mary's river, in the State of Michigan.—He desired to have that bill considered in connection with the bill in relation to removing obstruction from the mouths of the Mississippi river.—[Detroit Free Press.

A little log-rolling, you see! Since the President has given out that he will veto all *general* River and Harbor Bills, Senator Cass is trying the virtue of *special* acts for precisely the same objects. But to get such a bill thro' for the North, it seems that a *quid pro quo* must be offered to the South. Thus it is that "the St. Clair Flats" and the "mouths of the Mississippi" are to be "considered in connection." We have very great doubts whether the President will like the Homeopathic practice in River and Harbor Appropriations, any better than he did the Allopathic. But the political quacks are ready enough to conform their prescriptions to the Presidential whims.

☞ Mr. Toops, having fairly grappled the idea of "short sessions," pursues the subject with characteristic vigor, in last evening's *Wisconsin.* Suspicious of the *Sentinel's* fidelity to the cause of reform, he tackles us in this wise:

> A short session in the estimation of the Sentinel may—since there is a republican majority in the Assembly—be on the 12th of March. Will the Sentinel say that it is in favor of an adjournment on the 12th of February—as the democrats and tax-payers desire. If it does not answer, we may consider it opposed to an adjournment as early as the 12th of February.

It is always a pleasure to "answer" so logical a catechist as Mr. Toops. We say then, in confidence, that we should think a session "*on the 12th of March*" would be decidedly "short." But we cannot positively declare "in favor of an adjournment on the 12th of February;" since "it is instructive to remark," that if the Legislature complete their work by the 11th of February, there is no very obvious reason why they should wait till the 12th, merely to adjourn.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Jan. 18.

The abstract of the Senate proceedings sent this noon contained all of importance that was done. The subject of printing in foreign languages occupied almost the whole morning, a host of amendments, substitutes, &c., being piled upon the original resolution, till members, confounded with the confusion growing worse confounded every minute, laid the subject on the table. So far as I can learn, the position of the affair is, that a resolution is pending which proposes to order of the State printer 3000 copies of the Message "and accompanying documents" in German, and also (of him) 500 copies in Norwegian, Welch, and Dutch, Mr. Loy having in vain endeavored to get in an item of 500 for his French constituents, at which slight they will of course feel hugely indignant. The resolution proposes to pay for these at the State Printer's prices, (15 cents per 1000 *ems,* 15 cents per token, 15 cents per quire for paper, ½ cent each for folding, stitching and binding)—and the whole to be furnished before the close of the session. Saying nothing of the policy of ordering the documents, I take the liberty of supposing that no printer in foreign languages will undertake the job under such conditions, which are entirely beyond the possibility of fulfilment. The "accompanying documents" last year were 12 or 14 in number, and this year are larger than last.

I neglected to state yesterday that the bill introduced by Mr. DeWolf, for the relief of the Norwegian Church in the 5th Ward, has passed both Houses.

In Assembly, the Bank Comptroller's Annual statement was presented, I sent you a copy this afternoon. Looking it over again, I find the following are the footings of some of the principal items of our Milwaukee Banks, the "Bank of Milwaukee" not being included, having just gone into operation:

Loans and discounts	$801,685 59
Stocks deposited	344,725 22
Specie	138,265 80
Bills of Solvent banks on hand	127,680 75
Total resources	1,777,912 25

The following bills have been introduced during the day:

By Mr. Vilas, extending time of collecting taxes in Madison.

By Mr. Randall, changing name of J. K. Bergstrasser (leaving out the italics.)

By Mr. Colley, charter of Beloit Gas Co.

By Mr. Sherman, a prohibitory liquor law.

By Mr. Cary, for a state road.

By Mr. Fisher, extending time of collecting taxes in Viroqua (*passed*)

By Mr. Colley, account of Brown & Atwood, for printing.

By P H Smith, charter of Appleton Manufacturing Co.

By Mr. VanNorstrand, repealing the act giving $3000 annually to the State Agricultural Society.

By Mr. Stevens, for a State road.

By Mr. Stevens, declaring a certain river navigable (*Query*—will that make navigable?)

By Mr. Vliet, charter of Milwaukee Gymnastic Society.

By Mr. Martin, abolishing office of Emigrant Commissioner.

A Resolution by Mr Ebbetts, of enquiry into the expediency of taxing money brokers, and making dealers in exchange redeem the money which they put in circulation, was adopted.

Another, by Mr. Gunn, calling for information as to the validity of the sale of school lands in Pierce Co, they having been sold elsewhere than at the County seat, was adopted.

Another, by Mr. B Smith, proposing to allow each member to order five daily newspapers, was indefinitely postponed, with a will, the mover alone voting *aye.*

Mr. Randall, from the Judiciary Committee, reported favorably on bill amending Sec 56 chap 15 R. S., and on the claims of H. L. Page and John White. Mr. Bennett, from Com. on Claims, sent the claim of $8000 and over for iron to the State Prison Committee, and reported favorably on the acct of Geo. Williams.

Mr. Virgin, from Education &c Com. reported favorably on No 10 A.

The Governor's Message, giving the names of the travelling agents to collect fines &c, was read. The names are as follows, possessing some interest as being a portion of the celebrated "Forty."

I. Cowdery, J Delany, A Braley, G Mulks, W S Hawkins, W K Wilson (this last had two appointments), A D Bonesteel, Paul A Wiel, W Lusher, D S Jaffrey, G Martens, O C Clinton, R L Read, Havon Powers, O B Thomas.

I give the names as the Clerk read them, and may not be correct in the spelling of some of them.

The resolution of Dr Cary, relative to the use of the jails of this State by United States officers, was sent to the Judiciary Committee as proposed by him, Mr Ebbetts withdrawing his motion to refer it to a select committee, stating that he made the motion under an impression that the resolution instructed the Judiciary committee to propose a bill. The bill will be prepared beyond a doubt, and ought to pass at once.

Mr. Hull was absent when the vote was taken but coming in soon after, asked to be excused from serving on the Judiciary Committee, giving as a reason, however his engagements on other important committees. He was excused and Mr. Vilas appointed. The latter asked to be excused, on account of his feeble health—he *looks* feeble!—and *was* excused, and Mr. Ebbets appointed; whereupon Mr. Earnest moved to excuse Mr. Ebbets, but as that gentleman didn't second the motion, it was not put to the Assembly.

The Committee on Joint Rules reported, and their report was considered and most of their amendments adopted. Coming to the rule which regulates joint Conventions, an amendment had been proposed which recognized the Lt. Governor as the presiding officer, that officer having been hitherto unrecognized, and, use Mr. Hull's language, "rather more ornamented than useful, like a pig's tail." Mr. Randall looked under the meal, and thought he discerned Grimalkin quietly ensconced there; and so moved a *proviso,* that the Lt. Governor, when so presiding, should *not* have a casting vote. An interesting discussion took place upon this, Messrs. Hull, Randall, Martin and Gary taking part, and the *proviso* was adopted.

Most of the above business was done in the morning, little else being done in the afternoon, except hearing the report of the Superintendent of the Lunatic Asylum.

The gist of the Report is as follows:

The site selected is 100 acres, across Fourth Lake, bought of Gov. Farewell for $1500. Dr. McLane, in accordance with a resolution passed by the Board of Commissioners, went east to examine plans, &c., and the plan selected has been approved by the Governor and Commissioners. He justifies the extent of the building proposed by quotations from Dr. Bell's Report on the subject; and states that the plan is drawn in accordance with the *dicta* of some leading Medical Association, giving details to the last iota of construction; the Association probably having never considered the state of the finances of Wisconsin. The building is to be of stone, a part 2 stories, with centre and wings higher—with 3 ranges of wings—a double verandah of iron—the plans drawn by Sloan and Stewart of Phila. Andrew Proudfit has the contract, and has a large quantity of materials on the ground, and immediate appropriations are recommended.

More hereafter about this contract, and the matter generally.

The Report is addressed to Messrs. Bugh, Vittum and Sanborn, the Commissioners. The Superintendent was a State Senator, and Mr. Vittum the same, when appointed.

It was Mr. Bond, and not Mr. Schwefol, who presented day before yesterday petitions for a change in the banking law, &c. W. H. W.

P. S.—7 P. M.—I have just been shown, in the *Free Democrat* of Wednesday, an editorial letter from here, giving the views of the editor on the Senatorial question. They are the results of a hasty visit here, made while the writer was in considerable excitement arising from recent circumstances, and, I think would not have been written on a better acquaintance with the facts in the case. The article is not pleasantly received here, where the feeling among the Republicans is and has been, to settle their own matters in their own way, and to find some candidate among a number of reliable men, for whom they can all cast their votes heartily and cordially. This they will do, pretty certainly; but the best method to bring it about is not for any person to affect to dictate the candidate *for* them and *to* them. Most of us who, from having been here through the session, have the best means of knowing the true feeling of members, do not feel any such apprehensions of the condition of the Republican party as seems to agitate our friend of the *Free Democrat,* and do not feel that things have come to any such pass that Mr. DURKEE, or any one else, *must* be the candidate, in order to beat Mr. Kilbourn; there being no chance of that gentleman's obtaining the democratic nomination, any sooner than the Republican, and of the latter not the ghost of a chance. Just let the Republicans alone. They mean to nominate, and to *elect* their candidate, all in such good time as factious democracy will allow. W. H. W.

☞ No report from Oshkosh City Bank, (suspended,) nor is our new Bank of Milwaukee included in the statement, having just commenced business.

OAKLAND AND OTTAWA RAILROAD.—Dr. Johnson, one of the contractors for the section of this road from Owasso to Grand Haven, is now stopping at the National Hotel, in this city. From him we learn that according to the terms of their contract, the work is to be completed to Lyons by December next, to Ada by the following December, and to Grand Haven by December, 1857.

The work is progressing at the other end of the line, and the directors and contractors are still ready to start the work at once on the heavy grading between this city and Ada, whenever our citizens will take the remaining thirty of the sixty thousand dollars of stock which was originally allotted to this county. Should they do so, the work will be completed to this city in *one year earlier* than it otherwise will. We should think the farmers, who this fall and winter have been drawing their wheat to Kalamazoo in order to realize railroad prices for it, would each willingly and gladly subscribe a few hundred dollars in stock in order that they might the sooner realize twenty to thirty cents advance from Grand Rapids prices for their future crops. It is strange what an apathy exists in regard to this great improvement, all important as it is to the interests of this valley.—[Grand Rapids Enquirer.

It is, indeed, passing strange that the Farmers and Business men, along the line of this important thoroughfare, and the Capitalists and Merchants of Detroit, its Eastern terminus, permit so vital an enterprise to linger and languish, for want of material aid. If Detroit had one tithe of the energy and public spirit of Milwaukee, her City Bonds to the amount of *One Million of Dollars*—were that much necessary—would have been issued, ere this, in aid of the Oakland and Ottawa Rail Road. That road, when opened, will turn the entire trade and travel of the North West—now divided, and the major part taking the Southern Michigan route East—into the Detroit channel. Let Detroit calculate the value of such an accession to her business, and make a proportionate effort to secure it.

MORE "PUBLIC OPINION."—The Potosi *Republican,* an able and thoroughly independent Democratic paper, published in Grant County, thus speaks of the recent doings of Judge MILLER's Grand Jury:

> ☞ The Editors of the Milwaukee *Sentinel* and *Free Democrat,* have been charged with a *quasi* presentment, by the Grand Jury of Judge Miller's Court, "for the facts which they have stated and the sentiments which they have expressed," in regard to the said Jury's doings and the proceedings of the U. S. Court and its officers. It has come to a pretty pass when the Press of this country cannot express an Independent sentiment in regard to its legal tribunals without being *jerked* up by them. As well may we live in France itself, where it is the law of the land to muzzle the press, as to be harrassed and dogged in this way by every Court whose Judge happens to take umbrage at a newspaper remark. It will be an unfortunate day for our country, when its courts get above a just public censure. Corruption will be practiced with impunity, and the most infamous decisions make up the calendar of Justice. Community looks to the Press to defend the right and chastise the wrong; and when it is debarred the right to exercise this legitimate privilege and duty, our Constitution is not worth the parchment upon which it is written. The Court whose proceedings will not bear examination and criticism, is unworthy to be established among a free people, and the sooner it is abolished the better. Such are *our* sentiments.

We believe that "the U. S. Court, its officers and jurors," have found no sympathy, in their onslaught upon the press, save in the congenial columns of the *News & Wisconsin* here, and the *Democrat* at Madison. The Inquisition is evidently at a heavy discount among the Press and People of Free Wisconsin!

☞ The Waukesha *Democrat* thus frankly avows the only reason why the Senate demur to meeting the Assembly in Convention:

> "It is now evident that no U. S. Senator will be elected this winter, the Democratic Senate refusing to go into joint ballot. *This is the only way to prevent the election of a Republican Senator.* The question now seems to be whether it is better to have a Republican Senator than none."

From the Illustrated London News.

By the Alma River.

Willie, fold your little hands;
Let it drop—that "soldier" toy,
Look where father's picture stands,
Father, that here kissed his boy
Not a month since—father kind,
Who this night may—(never mind
Mother's sob, my Willie dear)—
Cry out loud that He may hear
Who is God of Battles—say
"God keep my father safe this day
By the Alma River!"

Ask no more, child. Never heed
Either Russ, or Frank, or Turk—
Right of nations—trampled creed—
Chance poised victory's bloody work;
Any flag in the wind may roll
On the heights Sebastopol!
Willie, all to you or me
Is that spot where'er it be,
Where he stands—no other word—
Stands—God sure the child's prayer heard!—
Near the Alma River.

Willie; listen to the bells
Ringing in the town to-day;
That's for victory. No knell swells
For the many swept away;
Hundreds, thousands! Let us weep,
We, who need not—just to keep
Reason clear in thought and brain
Till the morning come again;
Till the third dread morning tell
Who they were that fought and—*fell*—
By the Alma River.

Come—we'll lay us down my child;
Poor the bed is—poor and hard;
But thy father, far exiled,
Sleeps upon the open sward,
Dreaming of us two at home;
Or, beneath the starry dome,
Digs out trenches in the dark,
Where he buries—Willie, mark!—
Where *he buries* those who died
Fighting, fighting at his side,
By the Alma River.

Willie, Willie, go to sleep,
God will help us, oh, my boy!
He will make the dull hours creep
Faster, and send news of joy;
When I need not shrink to meet
Those great placards in the street,
That for weeks will ghastly stare
In some eyes—child, say that prayer
Once again—a different one—
Say: "Oh, God! Thy will be done
By the Alma River."

LOVE

Oft when I look, I may descry
A little face peep through that eye;
Sure that's the boy, who wisely chose
His throne among such beams as those,
Which, if his quiver chance to fall,
May serve for darts to kill withall.

Thomas Carew, 1610.

Mr. Reymert, from majority of committee on printing, reported a resolution directing the *Volksfreund, Staats Zeitung, See Bote* and *Banner* to furnish 500 copies each of the Governor's message and accompanying documents in the German language, and *Der Norske Amerikaner* to furnish 1000 copies of the same in the Norwegian language.

We copy the above from the Argus report of the Senate proceedings Thursday, for the purpose of moving an amendment, to wit: that the Waukesha *Plaindealer,* Milwaukee *Wisconsin,* Racine *Democrat,* Oshkosh *Courier,* Janesville *Standard, Badger State,* Sauk Co. *Standard,* and each and all of the other "democratic" papers in this State, upholding "Barstow & the Balance," be also included in the aforesaid Printing Job. Can any one give a single good reason why these Legislative favors should be confined to the German and Norwegian press? Have not the English papers at least equal claims? And is not the whole of it an open and palpable violation of the Constitution, which should not be tolerated for a moment?

A Good and Sensible Move.

Mr. ELDREDGE, of the Senate, introduced a resolution into that body yesterday morning, the object of which was to enquire into the expediency of passing a law requiring all banks in this state, that receive and pay out the bills of foreign banks, to place a mark on them, and in case of the failure of such foreign currency, to compel the banks issuing it, to secure its redemption. If there is anything wrong about this, we are unable to discover it.—[Madison Patriot (dem.)

This identical remedy for the difficulties under which our State has labored, in regard to foreign paper, was proposed and urged in the Milwaukee *Sentinel* something more than a year ago. Then, as now, we expressed the opinion, that Banking Institutions in this State, paying out foreign paper, ought rightfully to be made liable therefor. We think this a wiser course than to undertake to exclude foreign Bank bills altogether.

A GREAT RUN.—The *Wisconsin's* felicitous anecdote about the late Grand Jury, which made it appear that the said Jury was principally composed of "Deacons of the Presbyterian Church," is just now enjoying a popularity second only to Barnum's Auto-biography, or "Fourth Hall." In almost every paper we take up, we notice "favorable allusions" to Milwaukee and her "jury of deacons."

A GOOD MOVE.—The bill introduced by the Hon. M. L. MARTIN, *abolishing* the office of Emigrant Commissioner. We hope the Legislature will pass the bill as speedily as may be.

THE PRESIDENT'S VETO.—The *Sentinel* prudently refrains from the attempt to controvert the positions of the President's Veto Message.—[News of yesterday.

The *Sentinel* does not waste its powder on dead game.

ASSEMBLY COMMITTEES.—Under this caption, our neighbor of the *Argus* indulges in his favorite proclivity to falsehood, in reference to the standing committees of the Assembly. It complains that the Speaker has shown undue partiality, and too much partisan feeling in the appointment of the committees, and instances the judiciary committee, stating that "it consists of *two* lawyers and *three* not lawyers."

The reputation of the *Argus* is such that no one will be surprised at the statement. The following gentlemen compose the judiciary committee:—Messrs. Randall, Gary, Martin, Hull, and Cary. Of these, Messrs. Randall, Martin and Hull are well known as able lawyers—Mr. Martin ranking among the most prominent of the profession in the State. Messrs. Gary and Cary are laymen, but men of talent; the former has had considerable legislative experience. There being no member of the legal profession among the Republicans, it was thought proper to appoint these gentlemen that the majority might not be wholly unrepresented on the most important of the committees. The committee, therefore, stands, professionally, three lawyers and two laymen; politically, one Independent, two Democrats, and two Republicans. We are glad the *Argus* has referred to the appointment of the committees, as we believe that, upon careful examination, nothing will better illustrate the fairness and candor, above any mere partizan prejudice, by which Speaker Sholes is governed, than the appointments.—[Madison Journal.

Subsidence of the Panic at St. Louis.

From the St. Louis Republican 16th.

We are glad to announce that the panic which seemed to reign in our monetary circles at the close of last week, has entirely subsided. The prompt payment of all deposits that were called for at the private Banking Houses and at the Boatman's Saving Institution, and the generous manner in which a number of our wealthiest citizens pledged their private property to secure the depositors of these institutions against all loss, restored confidence entirely; and confidence was all that was wanting to enable money matters to resume their wonted course. Although there were some indications of a "run" yesterday morning, yet they soon disappeared; and after 12 o'clock we presume that there was more money deposited in the Banking Houses than withdrawn from them.

The signs at present are most favorable. The houses which have sustained the run will proceed in their business with renewed vigor, and renewed safety. The two houses which suspended on Saturday, we are informed, resume operations at an early day. Messrs. Loker, Renick & Co. will probably resume, in part, at least on Monday next; and by the cards which we publish this morning, it will be seen that an arrangement has been effected by which the drafts of Messrs. Page, Bacon & Co. of San Francisco, will be paid henceforth at the Bank of North America, in New York. We hope that Messrs. Page & Bacon, of St. Louis will be able to open their doors soon.

SENATORIAL ELECTION.—From the Madison papers we learn that the prospect of electing an U. S. Senator this winter is rather slim. The Argus meanly attempts to find a justification for the Senate to refuse to go into joint Ballot, in the action of the Assembly on the first day; that is in its organizing the first day, instead of wasting a day of the people's time, as has always been done before. It makes no scruples about justifying the Senate in persisting in this course to the "bitter end," and thus defeat an election entirely. The Senate have taken the advice, and the following gentlemen voted to violate the Statute, and defeat the wishes of the majority:

Messrs. Bowen, Dewey, Dunn, Eldredge, Gibson, Gril, Hadley, Howell, Kelsey, Loy, McCarry, Reymert, Rolfe, and Wakeley voting in the affirmative.

Verily the Sham Democracy are securing for themselves a sure and swift damnation. The spirit that has drove them from the Assembly chamber, is not dead nor sleeping. Another year, if they persist in this manner, will sweep the Senate also.—[Fond du Lac Freeman

Police Court—Jan. 19.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE:

A warrant was issued against one Coleman, alias, charging him with threatening to shoot C. B. H. Papendiek on the 18th of January. Bail was given and the case set down for this morning at 10 o'clock.

A warrant was issued against John Doe alias, charging him with assault and battery upon Henry Hutchings on the 18th of January.

THE MISSING MAN.—A large number of men were busily engaged during yesterday in searching for the missing man, Carroll; the pile of dirt dug into the river examined, and the men kept up the search until evening. The suspicions are stronger than ever, that the man was killed. One of the men who claims to have seen most of the fracas, states that one of the assailants, after going back into the house, partly undressed himself, and stated that either he had stabbed the man, or the man had stabbed him, and that some of his clothes were drenched in blood. Mr. Cook, of the firm of Cook & Sherwin, R. R. contractors, in whose employ Carroll had been for several years, gives him a most excellent character, and that although he would occasionally take a glass, he was not an habitual drinker. He was parted with by a friend at 6 o'clock on Thursday evening, *perfectly sober* going towards home; between 9 and 10 the same night the fight, or fracas took place, and from all the stories, as far as the informants *appear willing to tell,* he left the fight and started for home, and could *walk straight.*—The owner of the house states that Carroll came back and broke his windows, and when he opened the door to request him to go away, Carroll jumped in and clenched him, and that he struck Carroll in self-defence with a piece of stove wood and threw him out. But it appears that it was before this that one of the inmates exhibited his clothes bloody, and made the remark about the stabbing. Much excitement exists in relation to the matter. The missing man's brother has arrived, and is prosecuting the search for the body with all diligence; and until the body is found but little can be done in the way of process or arrest.

NUMBER ONE'S BALL.—The Firemen's Festival at Young's Hall on Thursday evening, given by Engine Company No. 1, was decidedly the largest and most successful entertainment of the kind, we have ever attended in this city. The Hall was tastefully and appropriately decorated with flags, evergreens, pictures, festoons of colored cloth, and Firemen's implements. The band of Hess & Stevens furnished the music, which was of that inspiriting nature, that kept "the ball in motion." The supper was furnished by Mr. STRAFFORD, and was all that could be desired; the tables being handsomely set, and bountifully filled, and the supplies holding out against the repeated attacks of the largest party of the season.

The public responded most generously to Number One's appeal, and the entertainment, besides giving general satisfaction, yielded a handsome surplus to the Company's treasury.

QUAILS OUT OF SEASON.—A large number of Quails continue to arrive by Rail Road, which have most likely been trapped or killed since the first of January, in either of which cases the parties are violating the Game Laws. The quantity shipped during the past season, for the East is enormous, and if it is continued now, the game of our State will soon be exhausted. Indeed in some places game is already spoken of as a thing of the past. A few enforcements of the law would stop the trapping, or shooting of game out of season.

FOX CAUGHT.—A red fox, his ears handsomely tipped with black, was caught night before last in the Depot of the Milwaukee and Mississippi Rail Road, and was yesterday tied up near the door which leads to the offices up stairs, where the Superintendent, Secretary &c. can be found. We enquired of one of the Irishmen employed there, why he tied him so near that door, his reply was, "shure it was to keep off them fellows that's always bothering the old man for free passes over the road," and another had already christened him "Schuyler."

KILLED BY A FALL.—A German in leaving the Market Hall, mistook the door and fell a distance of several feet and he died on Thursday from the injuries of the fall.

☞ The Rev. T. STARR KING, of Boston, lectured before the Young Men's Association, last evening. The Hall was densely crowded and the audience delighted with the rich intellectual treat offered them.

SHOEMAKER'S STRIKE.—A communication from Mr. McLaughlin, in reply to the account of the Journeymen Shoemaker's Strike, published in our paper of Thursday, was received at so late an hour yesterday that its publication is necessarily deferred till our next.

I. O. O. F.—The Grand Lodge of I. O. O. F., which has been in session in this city for several days past, adjourned yesterday afternoon. The following are the officers elect for the current year:

L. H. KELLOGG, of Milwaukee, G. M.
W. L. MITCHELL, Janesville, D. G. M.
C. S. CHASE, Racine, G. W.
A. J. LANGWORTHY, Milwaukee, G. S.

The Representative elect to the Grand Lodge of the U. S. is D. H. WRIGHT, of Madison.

AN ANXIOUS AND EXPECTANT CONSTITUENCY.
Milwaukee Jan. 18th 1855.

THE *News* is anxious for divisions in the Republican party, and hence misrepresents the expression of our *fears* of what might happen, as the statement of a fact already existing.—We can relieve our anxious neighbor, by stating that we urged our friends to vote for Cole and do their best to elect him, if he was nominated.—We care not whether the successful candidate was originally a Whig or a Democrat, if he is only a true and reliable man of suitable capacity.—[Free Democrat.

This is the sole test that our Republican friends in the Legislature should recognize. Let such a spirit and determination pervade and influence their counsels and all will be well.

The Foreign Breadstuffs Market.

The Mark Lane Express gives the following brief history of the Breadstuff market for the past year. As our own Breadstuff market has in a measure been guided and controlled by it, with a change of locality, measure and currency, the extracts would almost answer for the record of the markets on this side of the Atlantic.

"The year now about to terminate has been one of extraordinary fluctuations in the grain trade. Most fortunately more than usual caution has been exercised by our merchants and millers, who have consequently escaped without the heavy losses which frequently attend on periods such as that through which we have passed. Before the close of 1853 there was a strong feeling in favor of a rise, and by the close of January an advance of full 10s per quarter had been established in prices of wheat. A pause followed, and in February and March the greater part of the above-named rise was lost, bringing quotations back to very nearly the same point from which they had previously risen. The spring was favorable for the growing wheat crop and for the sowing of spring corn; this was not without its influence—hence the downward movement. In April war was declared against Russia, the effect of which was a rise of 8s per quarter; prices remained steady throughout that month and the greater part of May. As the season advanced, the prospects for harvest improved and during June there was a gradual decline of 3s per quarter. In July the downward movement became more rapid, and the total fall that month was 12s to 13s per quarter. Harvest operations were partially commenced early in August, but we had no supplies of new wheat at Mark-lane until the 21st; the prices paid for 63lb red were 65s to 67s, and for white 70s to 72s per quarter. These were the opening rates for new wheat. As supplies increased, prices receded, and before the close of August the fall amounted to 8s per quarter. A further reduction of 4s per quarter took place early in September, when red wheat of fair quality was sold at 50s, and white at 56s per quarter. The rally from this point was rapid; before the end of the month prices were 8s to 10s per quarter higher, and the rise in October was 8s per quarter. In November there was a reaction of 3s to 4s per quarter, which has since been nearly recovered, present quotations ranging from 70s to 76 for white, and 60s to 64s per quarter for red of this year's growth. Whether these prices will be supported depends mainly on the turn political affairs may take. If we are to have no supplies from the Black Sea, a further rise would be more probable in our opinion than any giving way.

☞ Wheat, Beef and Pork continue to flow into this city in large quantities. It is a literal fact that there are parts of almost every day when our streets are lined with strong, long, high and capacious wagons, tottering beneath the enormous loads piled on them. The prevailing prices for wheat $1 13a1 15, and for the very best quality $1 18. Pork is from $3a3 50 or 75. Beef sells by the side from 3 50a3 75. The market wears an active and lively appearance. There is considerable competition among sellers to hold on or go to Milwaukee, where a nominally higher price is paid. We know of no class of men who are now better off or more independent and prosperous, than the farmers of Wisconsin.—*Watertown Democrat.*

MARINE ITEMS.—The propeller *Delaware* with a large load of flour, pork, beef, lard, etc., arrived yesterday afternoon from Toledo, and passed up the creek to discharge. Capt. Dixon informs us that the steamers *Globe* and *Louisiana* had left, bound down; one of them had got aground, but would be easily got off. the propeller *Scioto* is also on her way down from Toledo and is hourly expected.—*Buffalo Democracy, Jan. 15th.*

TO THE PHYSICIANS OF THE WEST!

And to All who use Liquor as a Medicine or as a Beverage!

PHYSICIANS who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from materials elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusil oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of juniper heretofore used, but with the specifically lighter, more volatile, aromatic and medicinal of the two essential oils of the Italian juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its rectification—a quality obtained by an entirely new process, and which no other Holland Gin in the world has acquired.

5. It is proved by extensive medical experience and testimony, to be an efficient as well as an agreeable remedy in many cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney, and bladder, dyspepsia, fever and ague, general debility sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors. And it invariably corrects the ill effects of bad water, whether in swampy or limestone districts. In all of these enumerated qualities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as Bars and Hotels frequently fill my bottles with common Gin and sell it for the genuine. For sale by all the respectable Druggists in the United States.

THE MUSTANG LINIMENT.

EVERY DAY new evidences of the value of this popular medicine reaches the ears of the public. A friend of the Editor's, a contractor on the Pacific Railroad, told him the other day he would not be without it on his section on any account whatever. He finds constant use for it among his hands. The great value of this article, has induced many worthless imitations, under different, but similar names, but the persons who once use Bragg & Co's Liniment will not be deceived by any vile and rascally cheat who would palm off a spurious preparation on them. STATE OF CONNECTICUT, } ss. Hartford, January, 1855.
Hartford County, }

Personally appeared Thomas A. Alexander, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief.

HENRY FOWLER, Justice of the Peace.

All that have property to insure, will please inspect and scrutinise the preceding reliable exposé of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in value of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance office, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in that class of assets. The increase of its capital stock to $500,000, has been bona fide investment for the pledge and security of its policies. The necessity and real benefits of insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, in Cincinnati, to the sum of $248,549 02, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, they will find its agents ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—"It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medical properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan 14th.*

NATIONAL LOAN FUND
LIFE ASSURANCE SOCIETY,
LONDON.

CAPITAL, - - - $2,500,000.
Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is most advantageous to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues those important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimation than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure.*

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

HOLLOWAY'S PILLS.—The Pills prepared by the celebrated Professor Holloway, are one of the greatest blessings ever discovered, for the alleviation of certain departments of human misery. Combining as they do some of the choicest offerings of the Vegetable World, concocted under the supervision and knowledge of a highly scientific Gentleman, it is not at all strange that they have effected the most astonishing cures. For any of that numerous class of complaints growing out of an impure state of the blood, the Pills are marvellously happy and thorough in their action. There are few maladies which if treated early, will not be nipped in the bud by this Medicine, while for not a few, it is a positive specific.—*Boston Bee.*

New Edition of an Old Theory.

DR. A. L. ADAMS' theory that impurity is the cause of all forms of disease is an old one. But we confess that he talks it up in a new way. And certainly we cannot dispute any of the propositions contained in his *Medical tract*. The simple theory there presented is confounding the wisdom of the wise. But we care not whether his theory is positively true or not in all points; one thing is certain, the Dr's LIVER BALSAM is taking the precedent of all other compounds, in all places where it has been introduced. Give it a trial, sick man, woman or child.

See Dr. Adams' advertisement in this paper. j15-1m

CITY LAND OFFICE.

A GRAND OPPORTUNITY, WHICH SELDOM OFFERS.

I HAVE FOR SALE, THE DWELLING HOUSE AND TWO LOTS, of A. W. HATCH, Esq., corner of Van Buren and Martin sts. The property is the most desirable and valuable in our city. The house is one of comfort and convenience. There are arrangements in this house that you will seldom find. The house, from the outward appearance, is frame; but in fact it is a brick house, and better than a brick, for it is all filled in with brick, and then lined upon the brick, and then weatherboarded. Twenty cords of wood will keep this house warm and comfortable through the winter, where it will take sixty cords to keep others comfortable. There are two parlors and four other rooms on the first floor, and five or six chambers in second story, together with woodhouse, barn, cistern, well, &c., &c.; and also a yard filled with fruit trees and shrubbery.

The property is worth, and I could have sold it early last summer or fall, for ten or twelve thousand dollars; but it can now be purchased at a great bargain, and he who should be so lucky as to get it, will win a prize. It must and will be sold within the next ten days. All who have any offers to make, call on me and I will tell them the price and terms. jan17 CALEB WALL.

THE EFFECTS OF A RAILWAY.—The Watertown *Democrat* says:

"Oconomowoc, since the Milwaukee and Watertown R. R. has been in operation and made its terminus there, has suddenly become a more active, busy, and thriving place. Commission stores have been established, and several agencies for buying wheat, pork and other provisions, have been located at that point, which create a healthy and spirited competition, giving life and animation to trade. To carry on this increase of business, more workmen, materials and means are, of course, required, and these cause a demand for money and labor, the result of which is that the whole community feel a kind of renewed life and vigor."

THE U. S. DISTRICT COURT AND THE PRESS.—The trial of S. M. Booth, Esq., of Milwaukee, for alleged participation in the rescue of a fugitive slave, commenced in that city, on the 10th inst., in the U. S. District Court; Judge Miller presiding. The Hon. Judge took occasion at the opening of the trial, to request that the press would abstain from publishing any of the proceedings of the trial until it closed. The *Sentinel* says "as we cannot discover the slightest reason for withholding or deferring the publication, we have thought it due to our readers not to accede to the Judge's request." The supporters of slavery and the fugitive slave law would blot the press entirely out of existence if they only had the power. Let its voice be heard until the shackles fall in a free country.—[Buffalo Express.

EXTRAORDINARY DISCOVERY.—The Paris correspondent of the New Orleans *Delta* in a late letter says: "You will be surprised to hear that Leander's body has been discovered in the Hellespont with a love-letter of Hero's in his vest—both body and billet-doux in a good state of preservation. When I can procure a copy of the letter, I will transcribe it for you."

Aye Mr. Reporter; that's it: "do you tell." Can't be that the increase of loafers has anything to do with it.—[Stevens Point Pinery (Dem.)

MRS PARTINGTON'S DEFENCE FOR IKE.—"He's so full of life and animosity!" said Mrs Partington, in describing the good qualities of Ike to a neighbor who had come in to complain of him for throwing stones at a favorite dog.

"But there isn't no malice in him, and when he fastened old Mr. Blaze in his own house so that he couldn't get out to drive the boys away from coasting in his field, it wasn't ugliness, though Mr. Blaze said he'd never live till he died because he did it. Depend on it, them boys isn't the worse for being a little mischievous, and mark it when you will," continued she raising her finger gradually, till it stood perpendicular as a lightning rod, "the stillest boy isn't always the best—the still sow eats the swill—and some boys who have always had good influenses, never profit by them when they get so as they can act out themselves.

For my part I'd rather see a boy or man show himself right out at the beginning, than find him a boy constrictor at last that I have been warming in my bosom to sting it." The finger dropped to its wonted position, and the neighbor nodded, half convinced by her philosophy, and went away thinking strongly of a horse-whip as a remedy for troublesome boys in a neighborhood. But there is a grain of truth in what she said.

MISCELLANEOUS.

THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on

Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:

NEW YORK, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States:—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

38, Corner of Ann and Nassau Streets, New York.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey-day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague
Asthma
Bilious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of the Bowels
Consumption
Debility
Dropsy
Dysentery
Erysipelas
Female Irregularities
Fevers of all kinds

EXTRAORDINARY INDUCEMENTS
TO
The Reading Public.

Either of the following five works will be sent free of postage, on receipt of the price annexed.

The Abduction Trials, and Adventures of Payneta Mandeville,

Wife of Augustus H. Mandeville, of Baltimore, who was stolen from her husband at Bogota, New Granada, by a band of *Spanish Robbers*, and by them detained in their mountain fastnesses for thirteen months, there having gone through the most terrible scenes that the imagination can picture; the whole, forming the most truly wonderful narrative of actual occurrences ever yet placed before the reading community. Written by her Husband.— Price 12½ cents.

A THRILLING AND STARTLING WORK!

The Authentic Confessions of William Masterson,

The Cruel Murderer of his Father and Mother! Together with a complete account of his various Robberies and Murders, including that of Mr. Manning, of Buffalo, N. Y., and the beautiful Miss Emma Martin. Added to which is the history of the most fiendish Murderer, and expert Burglar and Pickpocket, Thomas Little, the accomplice of Masterson. Price 12½ cents.

The Beautiful Jewess, Rachel Mendoza.

Her lamentable connection with the dark and eventful career of Charles Bernery, otherwise called "Prince Charles," by George Lippard, the late termination of whose adventures in Madrid, near the Palace of the Queen, has created so much comment, and such intense interest in the American press.

Thousands throughout the United States are familiar with *portions* of the career of "Prince Charles," but this narrative sets out in plain colors his *whole* career, especially his connection with the rich and beautiful Jewess, Rachel Mendoza, who only a year mingled in the first circles of New York. After relating his adventures in the United States, this narrative conducts us to Madrid, to the *Royal Court of Spain*, revealing the secrets of the life of Queen Isabella. Price 15 cents.

STARTLING DISCLOSURES! MYSTERIES SOLVED!

OR THE HISTORY OF

ESTHER LIVINGSTONE,

And dark career of Henry Baldwin. By George Lippard. This narrative not only pictures the singular career of Esther Livingstone, and the crimes of Henry Baldwin, but the scenes in which they were actors in the *Mammoth Cave*, are related by the wretched Baldwin, in a bold, truthful, but absorbing style. And the murder of Miss Annie Hardy, in Charleston, on the night of her marriage, is in these pages terribly explained. Price 15 cts.

The Rival's Revenge! or The Lovely Quakeress,

CATHARINE MIDDLETON,

The Skillful Gamester in Disguise. Her singular career with the startling developments in the life of Don Senor Jacinto, "The Maniac Priest." Price 12½ cents.

TERMS.—The above Five Thrilling and Interesting Volumes will be sent to any address in the United States and Canadas free of postage, on the receipt of 50 cents.— Postmasters or others, remitting two dollars, the above five books will be sent to five persons, free of postage; or on the receipt of five dollars they will be sent to fifteen persons. BROTHER JONATHAN
COOK STOVE,

I have sold the B. J. for the past three years. It has been thoroughly tested by thousands who will testify that it is the most complete Cook Stove that can be. I have four sizes of B. J. There is a summer attachment to the stove which will make half difference less of the *amount* of fuel used in the Summer season and does away with all unnecessary heat which other stoves make that have not the attachment. The oven is much larger than any other stove of the same size furniture. I warrant the stove to give complete satisfaction, if not, to be returned and money refunded. I will refer you to hundreds of the citizens of Milwaukee that are using the Stove.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.
ALBANY, July, 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.
A. McCLURE & CO.
ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 15th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.
P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.

Raymond, Ward Co. will receive orders for Davidson's Fire and Thief Proof Bank and Vault Doors. del8

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.

A CURE FOR ALL!!

HOLLOWAY'S OINTMENT.

Citizens of the Union:—

You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,
38, Corner of Ann and Nassau Streets, New York.

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.

Mr W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor HOLLOWAY as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel les Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.
Nov. 9th, 1853. (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and	Lumbago	Sore-throat
Bad Breasts	Stiff Joints	Piles	Skin-diseases

PATENT MEDICINES

MEDICATED INHALATION
A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS's HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cure of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.— It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.
BROOKLYN, N. Y., Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.
NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.— Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. febr-1yd&w

MEDICATED INHALATION!
CONSUMPTION CAN BE CURED, AS TREATED BY
DR. E. N. TRIST,
WITH HIS CELEBRATED
HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the *Lung Institution of Edinburgh*, and *Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and *successful experiments* in England and Scotland, as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise; but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk!"

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "*Patent Inhaling Tubes*," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use; and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of *Consumption, Bronchitis, Asthma*, and all other *affections of the Throat, Lungs*, and Air Passages. In case of failure, the money will be returned.
